EDUCATION

Galgotias University

Bachelor of Technology, Computer Science

Greater Noida

Oct. 2021 – July 2025

EXPERIENCE

Data Analytics Virtual Internship

May 2023 - July 2023

AWS Academy

Virtual

- Virtual Data Analytics Internship: Utilized SQL to extract and manipulate data.
- Built insightful dashboards and visualizations with Tableau, uncovering trends and patterns.
- Effectively communicated data stories to stakeholders, enabling data-driven decision making.

Web Full Stack Developer Virtual Internship

July 2024 – Sep.2024

Eduskill Academy

Virtual

- proficiency in designing and developing dynamic, user-friendly websites using HTML, CSS, and JavaScript.
- Learning to create websites that adapt seamlessly to different screen sizes and devices using CSS frameworks like Bootstrap or Tailwind CSS.
- Understanding the process of deploying and hosting websites on platforms like GitHub Pages.

PROJECTS

Portfolio | *HTML, CSS, JavaScript*

Aug. 2024 – Present

- * Developed a fully responsive portfolio website that provides an optimal user experience across all devices, including desktops, tablets, and mobile screens.
- * Incorporated engaging JavaScript functionalities, such as dynamic content, animations, and interactive elements, to enhance usability and interactivity.
- * Utilized advanced CSS techniques to create a visually appealing and professional design that reflects a strong understanding of modern web aesthetics.

Tic-Tac-Toe | *React, Bootstrap, HTML, CSS, JavaScript*

Nov. 2023 – Present

- * Designed a fully functional Tic-Tac-Toe game with responsive user interactions, enabling smooth gameplay and real-time updates.
- * Built the game using React, leveraging reusable components for a modular and maintainable codebase.
- * Enhanced the game's appearance using Bootstrap and custom CSS to ensure a polished, user-friendly interface adaptable to various screen sizes.
- * Implemented robust JavaScript logic to handle game rules, win conditions, and a reset functionality for seamless user experience.

Expense Tracker | *HTML, CSS, JavaScript, React*

Jan. 2023 – Present

- * Developed an interactive expense tracker that allows users to add, delete, and categorize expenses with real-time updates.
- * Utilized React's state management to dynamically update the user interface, ensuring seamless tracking and visualization of expenses.
- * Designed an intuitive and responsive interface using CSS, ensuring accessibility and usability across various devices and screen sizes.

TECHNICAL SKILLS

Languages: C++, JavaScript, HTML/CSS, React

Frameworks: React, Node.js, WordPress, Bootstrap

Developer Tools: Git, Docker, VS Code, Visual Studio, IntelliJ, Eclipse
