Profile Summary

As a skilled web developer, I have completed multiple web-based projects and a comprehensive virtual internship. I specialize in front-end development with HTML, CSS, JavaScript, and frameworks like React and Angular

Education

Galgotias University	2021	2023
B.Tech - Computer Science - CGPA : 8.1		Greater Noida

B.K.D. Aldrich Public School	2020
CBSE - 12th - Percentage : 78.0%	Orai

B.K.D. Aldrich Public School	2018
CBSE Percentage : 62.0%	Orai

Technical Skills

Languages: C++ HTML CSS JavaScript

Technologies/Frameworks: Reactjs Bootstrap

Other: DBMS Operating System DSA

Projects

Music Website | HTML, CSS, JavaScript, Bootstrap

- Music website, HTML, CSS, JavaScript A Music website crafted with HTML, CSS, and JavaScript offers users an
- immersive platform to discover and enjoy music through interactive features like audio playback, playlists,
- and search capabilities.

Expense Tracker | HTML, CSS, JavaScript, Node.js, React.js

- The Expense Tracker is a web application designed to help users manage their expenses efficiently. Built with React for a dynamic front end, the app allows users to add, edit, and delete expenses while also filtering them by date or category. The interface, designed using HTML, CSS, and JavaScript, provides a clean and user-friendly experience. Users can track their spending with real-time updates and visualize trends through charts. On the back end, Nodejs and Expressjs handle API requests, while MongoDB serves as the database, storing detailed records of each expense

Work Experience

AICTE	May 15, 2023 - July 18, 2023
Data Analytics Virtual Internship	Online

- Virtual Data Analytics Internship: Utilized SQL to extract and manipulate data. Built insightful dashboards and
- visualizations with Tableau, uncovering trends and patterns. Effectively communicated data stories to
- stakeholders, enabling data-driven decision making.

Awards and Achievements

- Galactic Problem-Solver, NASA International Space Apps Challenge (2022) — Recognized for outstanding participation and innovative problem-solving in global Earth and space challenges.
- Certificate of Completion, Ritambhara Technologies (Sept 2024) — Successfully completed a three-month course in Coding & System Design, gaining essential skills in software development and system architecture.

Certifications

- Postman API Fundamentals Student Expert: Postman Student Experts are proficient in the essential skills required for consuming APIs in Postman and applications.
